# Mission Statement

The mission of the National Society of Black Engineers is to increase the number of culturally responsible Black Engineers who excel academically, succeed professionally and positively impact the community.

# Zone Updates

A photograph of three people sitting on a set of wide, light-colored concrete steps. On the left, a woman with her hair pulled back is smiling broadly, wearing a black blazer over a white collared shirt and black pants. In the center, a man with glasses and a beard is smiling, wearing a dark suit, white shirt, and patterned tie. On the right, a woman with long braids is smiling and waving, wearing a black blazer over a white top and black pants. The background is a plain wall with several electrical outlets. The overall mood is positive and professional.

# Interested in Research?

*Interested in learning technical research skills or just want to improve your resume? Come and join the PRISEM Lab!*

*PRISEM stands for Practitioners and Researchers Investigating Self-Efficacy through Mentorship. My vision for our group is to be the premier location for all things STEM mentorship... from K-12 to Higher Education, and beyond. Our lab has a variety of different active research projects that may pique your interest and fit your needs. The PRISEM lab engages in educational-based research in engineering, and the data gathered, analyzed, and published includes quantitative (surveys, scales, etc.) and qualitative (interviews, focus groups, etc.) type data.*
